

Black Squegee Tread
Red Side Walls

"Talking about Non-Skid Tires"

It seems to us that some tire manufacturers just cut out the raised tread pattern on their tires with a jig-saw at random; while others figure out the tread formation as common sense directs.

The Diamond "Squegee Tread" is surely a "reason why" tread. Look at the cross bars. When the weight of the car rests on them, they just naturally get a TOE HOLD on the pavement and stop forward slide.

Then look at the longitudinal bars. They are continually in contact with the pavement and not only stop side skid ALL THE TIME but roll along as smoothly as a plain tread tire.

So if you want a real non-skid tire, we'll sell you a Diamond at its "real" price.

Squegees
all around"

Every Diamond Tire must deliver full value in service. If ever a Diamond Tire fails, a cheerful, willing adjustment will be promptly made.

SHAVES AND BREAD WILL COST MORE

Portland, April 26.—Secretary Charles Kelly of the Barbers' union announced today that within a month the price of shaves and hair cuts in Portland would be raised five cents each—to 20 and 35 cents respectively. He also declared that the barbers throughout the state would demand a raise in pay.

San Francisco, April 26.—San Francisco will have six-cent bread Monday. That was the word transmitted to the Retail Grocers' association by the California Bakers' association today. Constantly soaring flour prices is the cause.

Ten-cent loaves of bread will be raised to twelve cents.

Chicago, April 26.—A material advance in the price of bread and bakery products in Chicago can be expected shortly after the impending strike of bakers and wagon drivers is settled, according to leading bakery managers today. The general advance in New York will be followed by bakeries all over the country, the bread makers here believe, as the prices of wheat and flour are causing many firms to operate at cost or a loss.

PORTLAND MARKETS

Portland, April 26.—Today's market quotations were:

Wheat—Club, 250; bluestem, 256.
Oats—No. 1 white feed, 52.00.
Barley—Feed, 54.50.
Hogs—Best live, 15.50 @ 15.60.
Prime steers, 10.50; fancy cows, 8.75 @ 8.85; best calves, 10.00.
Spring lambs, 13.50.
Butter—City creamery, 39 @ 40; country, 30.
Butterfat—Unchanged.
Eggs—Selected local extras, 31 @ 32.
Hens, 21; broilers, 35 @ 50; geese, 12 @ 13.

Wise Price.

"Now," said the bridegroom to the bride when they returned from their honeymoon trip, "let us have a clear understanding before we settle down to married life. Are you the president or the vice president of the society?"

"I want to be neither president nor vice president," she answered. "I will be content with a subordinate position."

"What position is that, my dear?"

"Treasurer."—St. Louis Post-Dispatch.

Matched.

Towne—Met Gabbie and Perkins at a smoker last night and introduced them to each other. Browne—Oh, say, it's a shame to introduce a bore like Gabbie to anybody. Towne—It's evident you don't know Perkins or you'd see the humor of it.

Patriotic.

Warden—Have you ever been in any European jail? Prisoner—No! My motto has been to see America first.—Star of Hope.

Spring Fever

This is the time of year to look out for trouble! We feel weak—our blood seems hot—no appetite. It's time to clean house! This is when the blood is clogged and we suffer from what is commonly called a cold.

Doctor Pierce's Golden Medical Discovery (in liquid or tablet) purifies the blood and entirely eradicates the poisons that breed and feed disease. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood.

Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood. For sale by druggists.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

ASK YOUR NEIGHBOR!

Portland, Oregon.—"Dr. Pierce's remedies have been used in my family for years, and with good results. I always gave my children the 'Golden Medical Discovery' as a tonic in the spring. My husband took it for poor blood, torpid liver and indigestion. Found it especially good for bloating caused from indigestion. I am glad to recommend Dr. Pierce's Golden Medical Discovery."—Mrs. M. Cunningham

509 Ross Street.

The Allegory.

A fine illustration of the allegory may be seen in Paul's epistle to the Galatians iv. 14, where the apostle gives an allegorical interpretation to the historical narrative of Hagar and Sarah, drawing from it a deeper sense than is conveyed by the immediate representation.

NOTICE TO PROPERTY OWNERS

(Sewer)

Notice is hereby given to each and every owner or the owners of the hereinafter described lots and blocks and acreage property as more fully appears set out in full in the attached and annexed Apportioned Assessment Roll, which is incorporated in and made a part of this notice, marked Exhibit "A." That the Common Council, pursuant to the petition of the property owners praying that there be constructed a six inch lateral sewer commencing at the point where the alley through block 17, Original Townsite, intersects Eighth street, and thence by an easterly course along the center of the alley of Block 18, to a point at or near Skunk creek at or near the southwesterly corner of lot 2, in block 2, and thence northerly extending across lot 2 of said block and along the west boundary line of block 1, to the northwest corner of lot 3, in said block 1, and thence easterly to the south end of the dividing line between lots 1 and 2, in said block 1, has caused the City Surveyor to prepare plans, specifications, profiles and drawings and quantities necessary and suitable for such proposed work, all of which has been approved and adopted. That subsequently Ordinance No. 758 was duly ordained providing for the construction of said sewer, and thereupon the sewer committee of said Common Council was directed to view out, inspect and examine each lot, part of lot or acreage property and ascertain the benefit and extent that would accrue by such improvements and the character, nature and probable cost of such work, and thereupon return to the Common Council findings and an Apportioned Assessment Roll based upon the probable cost, with the description of the property benefited.

That on the 19th day of April, A. D. 1917, said sewer committee, after having performed its labors, returned to the Common Council an Apportioned Assessment Roll, and its findings, all of which now remain on file with the auditor and police judge and will thus remain until the time of hearing provided and set aside by the Common Council in notice to property owners.

That the estimated probable cost of said six inch lateral sewer amounts to the sum of \$202.00 and is distributed among the following items of quantities, viz.: 650 linear feet of six inch concrete pipe; 93 cubic yards of excavation.

That said sewer committee finds that each and every one of the lots, blocks or acreage property described in said assessment roll is peculiarly and directly benefitted to the extent and portion as designated by the amount set opposite each description and that such parcel of land should bear such proportion of the

estimated probable cost. That any person or persons interested in such proposed improvements may at any time inspect and examine the findings and returns of said sewer committee. That written objections, protests or remonstrances may be filed against such contemplated improvement in writing within six days after final publication of this notice by posting, which publication by posting will end on the 5th day of May, A. D. 1917. That thereafter at the next regular meeting of the Common Council on the 17th day of May, A. D. 1917 all written objections or remonstrances thus filed with the auditor and police judge, and within the time and manner required by law, will be considered and heard in open council, and thereupon the said Common Council after such hearing, if any there be, will consider and determine the said sewer committee's report and findings, and will thereupon make any modifications that may be deemed necessary and equitable, and when all modifications or revisions have been made, said Council will proceed to adopt the written report and findings of said sewer committee, and will thereupon order an ordinance drawn providing in the usual manner and time for the entry of the Assessment Roll in the Docket of City Liens, and will otherwise provide in said ordinance for the conclusion of such work, letting of the contract to the lowest responsible bidder, with the right reserved to reject any and all bids.

Plans, specifications, profiles with drawings and estimates of quantities may be found at the office of the city surveyor at the City Hall, and all ordinances and records are in the care and custody of the auditor and police judge, whose office is in the City Hall, on Fourth street.

In witness whereof, I have hereunto set my hand and official seal of the City of Grants Pass on this 26th day of April, A. D. 1917.

H. H. ALLYN,
Auditor and Police Judge
of City of Grants Pass,
Oregon.

EXHIBIT "A"
